WHO ARE WE?

VonAlbrecht & Associates was founded in Vancouver by Marcus VonAlbrecht in 2005 after he received the title "Chef of the Year" and used that experience to source out quality wines and spirits to import. In 2010 he established XFour Craft Vodka, his own line of four times distilled, premium quality vodka.

XFour Handcrafted rye and corn vodka won a gold medal in Los Angeles in 2012 at the SIP International Spirit Competition. The follow up variety, XFour Xoxolat Chocolate Martini also picked up a gold medal in 2012. XFour Bremner Blueberry Infused Vodka was a creation of Marcus and Terry Bremner, of Bremner Foods, and won a bronze in 2013.

The VonAlbrecht & Associates portfolio includes many outstanding quality spirits. Outstanding single casks of

single malt whiskies are picked, bottled and offered in very limited numbers to their markets.

With the expansion to Alberta in 2012, and Manitoba, California, Florida and Quebec in 2013, VonAlbrecht & Associates formed partnerships with existing companies that had a proven track record of success.

The company mission to provide quality products and services to its customer base extends throughout its international network.

PROFILE

GLOBAL BRAND BUILDERS

With its XFour brands, VonAlbrecht & Associates are continually improving their understanding of market dynamics, working with

their partners to insure brand growth and recognition in the marketplace, both in-store and in commercial operations.

to a commitment to the brands and close relationships with their customers.

With its new private bottling of single malt whiskey for clubs, VonAlbrecht & Associates is at the forefront of the Industry.

OUR DISTINCTIVE APPROACH

INNOVATIVE SALES AND MARKETING

Throughout both companies the main marketing plan is to get the products into the mouth of the consumer through participation of in-store tasting programs,

Reviews

"A lovely sipping or shooting vodka. Don't glom it up with anything else; there's nothing better alongside a plate of pickled herring, sashimi, Parma ham, smoked salmon, or, well, you can extend the list forever. A very slight, very fresh aroma reaches the nose— there's a rumour of anise there. It's crystal clear, deft, and delicate with a very long, smooth, no-burn finish. It acquits itself as one of the crispest, cleanest vodkas currently available here. Mine lives in the freezer. It's well worth a special search to get this local beauty."
